Lay the beige card down and make two 2 cm wide score lines along both long sides of the card. The Designable will fit perfectly in the centre. Cut the Designable into the beige card. Cut the Designable into the 15 x 11 cm beige card too. Cut this card in half lengthwise. Cut away the part in the centre (see photo of finished card). Fold the long beige card and punch the corners. Layer the cut-out parts onto the long beige card. Decorate the card with a 3D-picture, ribbon, flowers and twigs.
